I am a proud resident of the great city of Beavercreek, and I want to express my appreciation for the hard work you all do to make our city the jewel of Ohio.

Today, I write to express my strong support for the Trulieve dispensary located at 4370 Tonawanda Trail, as they seek to continue selling medical marijuana and offer adult-use marijuana. Trulieve/Harvest has been operating in our community for many years without any negative impact, demonstrating their commitment to responsible business practices.

In 2023, Ohio citizens voted to legalize adult-use marijuana, a decision that reflects the will of the people. As a resident of Beavercreek, I believe it is important for our city to benefit from the tax revenue generated by this initiative, regardless of personal views on marijuana. By supporting Trulieve's continued operation as a dual-use dispensary at their current location, we can ensure that Beavercreek remains a supportive environment for businesses while also safeguarding access to essential medicine for patients who rely on it.

I respectfully urge you and your fellow councilors to support this project. Now that marijuana is fully legal across our state, it is crucial that we allow reputable businesses like Trulieve to thrive and continue contributing to our community.

Thank you for your consideration.
